

# USAID DCA & NCB PARTNERSHIP

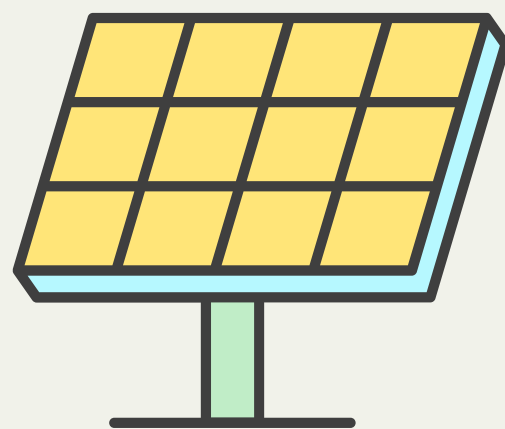

Take Advantage Now!

Time to invest, grow and gain from new guarantee!

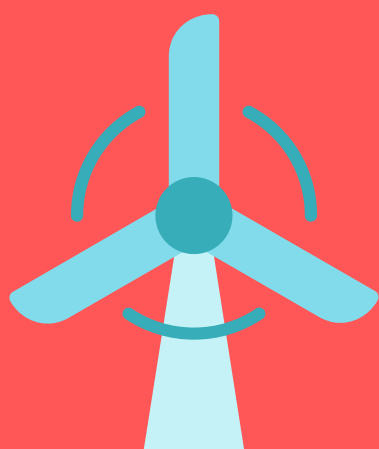

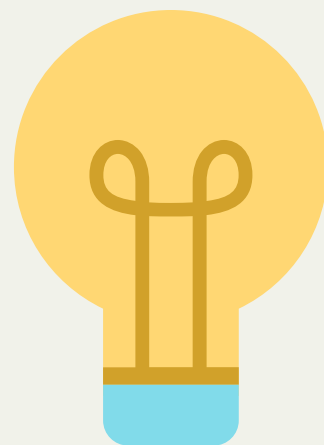

In 2019 USAID and NCB Jamaica partnered to support SME's with the first-ever regional Development Credit Authority US\$25 million loan portfolio guarantee agreement.

The loan portfolio guarantee will foster greater lending across the Caribbean to support investments in small and medium enterprises (SMEs) in the area of energy resilience.

The program aims to increase lending to individuals, households, SMEs and companies across the Caribbean pursuing renewable energy sector endeavors. Eligible countries include: Jamaica, Barbados, Grenada, Saint Lucia, The Bahamas, Dominican Republic, St. Kitts and Nevis, and Trinidad and Tobago.

If you are interested in pursuing renewable energy, power generation and distribution, energy efficiency, and green mortgages then this is your opportunity!

This partnership supports the USG Caribbean Energy Security Initiative (CESI), which seeks to advance diverse, resilient, cost-effective, and secure energy systems across the Caribbean.
